

An evening at the Vasa Museum

Experience Vasa,
her time and history

An evening with Vasa as companion

Book an evening never to be forgotten!

Start your evening in the Ship Hall with a fascinating tour of *Vasa*, during which our knowledgeable guides will tell you of the ship's very brief, yet long history. The guides will show you the ship and make the 1600s come to life. You will learn how the ship was built, about her brief maiden voyage, her sinking and salvage, and not to forget, the continuous effort to preserve the *Vasa* for future generations.

Following the tour, the guides will accompany you to dinner beneath the *Vasa*'s figurehead, where you will be able to enjoy delicious dinner, devised and prepared by the skilled chefs of the Vasa Museum's restaurant.

No matter the size of the group, nor the structure of your event, together we can create an unique evening to be remembered – with the *Vasa* as your dinner companion.
